

**Medisafe** PLUS

# Medisafe Plus 80

## VACCINE REFRIGERATORS

The Medisafe Plus 80 is one of the highest quality and feature packed models of vaccine storage units available in Australia. Designed in Australia, it is purpose-built for vaccine storage in line with the Australian Government Department of Health's 'Strive for 5' vaccine storage guidelines. The Medisafe Plus 80 is QCPP accredited giving you confidence your vaccines will be stored securely.

The Medisafe Plus range of Vaccine Refrigerators are uniquely equipped with two temperature probes for rigorous monitoring of both cabinet temperature and a simulated vaccine temperature (when using the AQ Box cloud temperature monitoring system). This yields the most accurate measurements possible and is a unique feature in the market for vaccine protection.

The AQ Box comes standard with the Medisafe Plus 80 and includes 12 months free access to the AQ portal. The AQ box acts as an automated data logger which allows you to view and print temperature charts with Minimum and Maximum temperatures, as well as real time data from any web enabled smart device.

All Medisafe Plus units are backed by Avem Quirks' extensive service network. With qualified technicians and warehousing facilities all across Australia, you can be sure support is never far away.

### KEY FEATURES

- QCPP cold chain accredited
- Dual temperature probes for both cabinet temperature and simulated vaccine temperature at +2°C to +8°C
- Integrated door lock(s)
- Fully integrated AQ Box provides IoT cloud-based monitoring system with customizable email and text alarm notifications
- Audible and visual alarms for: temperature, door open, power failure

### PRODUCT SPECIFICATIONS

Dimensions	Height: 830 mm Width: 500 mm Depth: 560 mm
Gross Weight:	43 kg
Gross Capacity:	80 L
Doors:	1
Temperature Range:	+2°C to +8°C
Number of shelves:	3
Power Consumption/24 hrs:	1.05 kWh
Refrigerant:	R600a
Warranty (parts & labour):	24 months

### OPTIONAL EXTRAS

- UPS Battery Backup – with over 13 hours backup
- Controller Backup Battery (temperature logging)
- Customisable controller parameters
- Laser printed branding (bulk orders)
- Comprehensive programmed maintenance
