

SAFE EAR CURETTES

More physicians use Bionix Safe Ear Curettes than any other brand of ear curette because Bionix Safe Ear Curettes make curettage easier for the physician and more comfortable for the patient.

KEY FEATURES & BENEFITS

- Flexible currettes reduce and avoid injury to the ear canal or tympanic membrane and are safer than stainless steel currettes
- Single-Use to eliminate the time, labour and costs associated with re-sterilising steel currettes and to reduce the risk of cross contamination.
- Seven unique, colour coded styles to meet individual curettage needs.
